Greg:  
I'm forwarding the question from DTSC re: measurements at wells at two Fed Facs that I mentioned this am. Please contact Linda Gaines with any questions.

**Subject:** RSL PFOA/PFOS question

So I admit I was wrong. I thought 24 hours after publishing the RSLs we would get a question about PFOA/PFOS not being in there. It was about 40 hours. I'll email Allaa, but I need help responding to this.

Hi Linda,

I hope this email finds you well and that things are great back at SPB. Can you help me answer this question from a RSL user from the CA Department of Toxic Substances?

Thanks!

**Subject:** RE: Virtual introduction - Nina & Allaa

Hi Lily and Allaa,

I have question about the EPA RSL tables. There was supposedly an update this week. I'm seeking screening levels on PFOS and PFOA in groundwater, but they were not listed in the RSL table, but my toxicologist says they are on the RSL calculator. I'm wondering if this is a mistake and if they should be on the table as well? DTSC has a tentative screening level developed for these in groundwater, but they did not want to formalize until the EPA came out with theirs.

Now that the DOD has requested they these two PCOCs be monitored at least once at each site that has wells (hunters point and treasure island), we may be needing these screening levels in the near future. Thanks.

Nina

Dear Nina,

Here is Allaa's email address. I'm glad you got to meet last week.

Lily
